Guest Speaker:

Tiffany Bruno, a Madisonville resident and single mother to her 11 year old son, has been a mortgage/loan professional for more than 19 years and an employee with NOLA Lending Group, a division of Fidelity Bank since September of 2008. Giving Tiffany's knowledge and experience in the industry she knows what it takes to get the job done. The financial aspects of home buying and mortgage related transactions can be stressful and overwhelming but they don't have to be, not with a trained and caring professional like Tiffany in your corner. Passionate about what she does, Tiffany strives to provide exceptional customer service and superior quality lending services.

Tiffany is a member of the National Home Buyer's Alliance, volunteers in the community supporting many local nonprofit organizations and she enjoys spending time with her son and watching him play sports.
